BAY ZOLTÁN APPLIED RESEARCH NONPROFIT LTD. – MISKOLC, HUNGARY

RESEARCHER – 2024/08/05 – CURRENT

- Participation in the preparation and organization of national and international projects
- Professional involvement in research, development, and business projects
- Performing laboratory tasks and conducting tests/experiments

SZAKOPLUSZ LTD. – MISKOLC, HUNGARY

ELECTRICAL ENGINEER – 2023/08/28 – 2024/07/27

- Comprehensive technical supervision and control of household-scale power plants (HMKE) and small-scale power generation systems
- Consulting on systems for the generation, transmission, and distribution of electricity in industrial and other types of buildings and facilities
- Preparation of documentation for the maintenance and repair of planned and existing electrical systems and equipment
- Implementation and support of the construction of systems for the generation, transmission, and distribution of electricity

GEO-4 FUTURE ZRT. – MISKOLC, HUNGARY

ELECTRICAL ENGINEER – 2020/11/01 – 2023/08/23

- Comprehensive technical supervision, control, and inspection of household-scale photovoltaic (HMKE) systems
- Consulting on electrical power generation, transmission, and distribution systems in industrial and other types of buildings and facilities
- Design, supervision, control, and inspection of systems for the generation, transmission, and distribution of electricity
- Interpretation of relevant standards and development of procedures to ensure the performance and safety of electrical power generation and distribution systems and equipment
- Implementation and technical supervision of the construction of systems for the generation, transmission, and distribution of electricity

FIEK RESEARCH INSTITUTE – MISKOLC, HUNGARY

MARKET RESEARCH INTERVIEWER – 2019 – 2020

- Development of industrial projects and embedded systems
- PLC programming (Wago, Siemens)
- Practical training for students of the University of Miskolc in the fields of control engineering and industrial communication

UNIVERSITY OF MISKOLC – MISKOLC, HUNGARY

DEMONSTRATOR – 2017 – 2019

- Participation in hands-on training for students of the University of Miskolc in the fields of control engineering and industrial communication
- Involvement in project-based work
- Participation in academic publishing, student research competitions (TDK and OTDK), with a focus on smart home automation
- Team leader of the electrical implementation group of the SOMeshine Team at Solar Decathlon Europe 2019
