

Scientific Students Conference (TDK)

Institute of Mathematics

Dr Veres Laura

Why Join TDK?

- Explore mathematics beyond regular courses
- Work together with a supervisor
- Develop research and problem-solving skills
- Great opportunity for international students

Our Topics

- Wide variety of topics
- Pure mathematics (theoretical research)
- Applied mathematics (real-world problems)
- Everyone can find something interesting

Our Topics

- From abstract theory...
- ...to real-world applications
- Examples:
 - Fractals and dimensions
 - Statistical estimation methods
 - Mathematical modeling
- Everyone can find something interesting
- <https://gepez.uni-miskolc.hu/TDK>

No Prior Knowledge Needed

- You do NOT need previous experience
- Supervisors guide you step by step
- You will learn the necessary background during the project
- Motivation is more important than knowledge

Why It's Worth It

- Gain research experience
- Improve CV
- Prepare for MSc or PhD
- Work on something you truly enjoy

Join Us!

Thank you for your attention!
