## Call for Presentations

### 4<sup>th</sup> Hungary-Korea-Japan Joint Seminar on Design, Fabrication, and Maintenance of Welded Steel Structures, 2025

#### 1. Purpose

This joint seminar is held to exchange knowledge of the design, fabrication, and maintenance of welded steel structures in mechanics, automotive, architecture, and civil engineering fields between Hungary, Korea, and Japan. Research activities in these countries are introduced to make strong relationships among them. The first seminar was held in September 2021. The second seminar was held in March 2023. The third seminar was held in March 2024. This is the fourth seminar. Researchers and engineers in any other country interested in these topics can join the meeting. The logo marks listed at the top of this document are the universities/organizations to which the presenters in the second seminar belong.

Furthermore, this seminar has a role at the International Institute of Welding ([www.iiwelding.org](http://www.iiwelding.org)), commission XV (Design, Analysis, and Fabrication of Welded Structures) as an intermediate meeting of SC-A (Chair: Prof. Chang), SC-D (Chair: Prof. Azuma) and SC-F (Chair: Prof. Jármai) in IIW C-XV.

#### 2. Date: 26<sup>th</sup>, February 2025

#### 3. Style: Hybrid

Physical attendance: Kumamoto, Japan (under arrangement)
